As no amendments needed to be made, these minutes were proposed to be adopted by Cllr Gates, seconded by Cllr Huggins with all in favour.

1.5. Matters arising from actions

- Training budget – Cllr Gates highlighted that the training budget is insufficient at £1000 considering we have new councillors and require staff training. Cllr Gates proposed it was increased to £3000. This was seconded by Cllr Gear with all in favour to take to Full Council for approval.
- Skate Park – rewiring of lighting. Quote found to be too expensive. No further information. Cllr Crabb to follow up and report back at next F&GP.
- Civic Events budget – After discussion it was agreed that the Civic Events budget should be increased by £2000 to take into account the Civic Service to be held during March/April 2024.
- Follow up of the ramp at Hele Bay Beach. NDC have decided not to clear the ramp this year but will likely do it next year.
- Remedial works on electrics of Ilfracombe Town Council offices and the Lantern. This is still a work in progress which the PO and Facilities Manager are dealing with.

2. Finance and Audit

2.1. Finance Officer Report (ITC 23151)

- The RFO informed members of an addendum of additional invoices raised after report ITC 23151 had been submitted.
- All invoices for approval were agreed for payment, this was proposed by Cllr B Gear, seconded by Cllr D Turton with all in favour.
- The RFO advised that the marketing budget has very little left for the year.
- Current outstanding payment of £24 by DPT had been agreed between the PO and RFO to be written off as after numerous communications with DPT it was still not resolved.
- Final bill for the café has been issued however the tenant seems to have moved residence so further investigation required to get this to them.
- Cllr Gear queried the layout of the finances and the income vs the expenditure of the EV charging points. The RFO explained that the current budget and finance report was being worked on and that this would give a much clearer indication of each departments income and expenditure and will also include a quarterly update for projection purposes.
- Cllr Huggins queried the workings of One Ilfracombe. This was explained by Cllr Gates and the Projects Manager. The RFO also confirmed that with the new layout of the finance report the transactions will become clearer going forward.
- EDF owe in excess of £3600 and will be depositing this into our account however we have no ETA.
- Signatories have all been added or removed from the bank accounts.
- Cllr Gear queried the requirement to move money into additional accounts. No further information available. RFO to continue with enquiries.

2.2. Budgetary Matters

2.2.1. Dotto Train update

Cllr Crabb left the room at this point due to a declaration in interest. The PO explained that contract had been received from NDC. This in turn has been looked at by our solicitor with a quote to complete all negotiations for a fee of £750. To agree this cost was proposed by Cllr Gear, seconded by Cllr Coulter and all in favour.

2.2.2. Lantern hire costs

Cllr Gates queried the expense of the hire costs of the Lantern vs the Vision Centre. The RFO explained that the Vision Centre costs were due to be revised as part of the annual review by the trustees of the centre. After discussion it was agreed to revisit the costs of the Lantern once the Vision Centre had done its review. Cllr Gear also suggested charging a booking fee for all bookings of the Vision Centre to cover ITC administration costs. This will be discussed with the trustees.

2.2.3. Councillor and ITC staff event

Due to lack of Mayoral budget for civic events the Mayor suggested using what budget was available for a meet and greet of councillors and staff as a teambuilding event. This was decided it was a good idea and would be coincided with a visit to the new Watersports Hub. Proposed by Cllr Turton, seconded by Cllr Gates and all in favour. Historically the Mayors Civic event was held in March – April of each year. This was agreed it should continue going forward however Cllr Turton to write a report to bring to Full Council.

2.2.4. Subscriptions and Training

The PO raised the point that the SLCC subscription had lapsed as it was in the previous PO's name. It was agreed to reinstate this subscription due to the training required going forward.

2.3. Events

2.3.1. Carnival – cost for hire of room

After discussion it was decided to raise an emergency grant to the Carnival Committee of £100 to help cover the cost of room hire. This was proposed by Cllr Crabb, seconded by Cllr Coulter and all in favour. It was queried whether the ITC could help with the management of the money coming in from The Lions in order to help support the newly set up committee. Cllr Gates to follow up with The Lions at their next meeting.

2.3.2. Combe Christmas

Due to restrictions in the ITC Civic Events budget it was queried whether ITC would continue to organise Combe Christmas going forward. Cllr Newland requested reviewing the budget set out by the Project Officer to see if any cost can be reduced. To assist with the reduction of costs it was suggested we investigate the potential for commercially paid for lights. It is going to be discussed with the Carnival committee to query if they would be prepared to take on the organisation of Combe Christmas.

4. Chair's Discretion

Cllr Coulter was approached by a local artist enquiring about a group art wall either opposite the Dilkhusa or the Montebello.
